JDW:What is referred to in the attached just grew as I wrote the memo, thus I did not make enough copies and ask for the return of attachment only. JL also is growing increasingly concerned. If this is not a Department of Disinformation operation it is by now immaterial and perhaps more effective as one if there is no direct spook connection. Actually, all parts but I meant mostly the Gregory/Grodin/Schoeneman/Jaffe et alx stuff. If Groth did not take CIA training and is accusedoof it it will help him and CIA as Skolnick's faxlse charges did at the time of the Hampton killing. When the realities are what they are, why exaggerate or lie? The continuing question is it just insanity? HW 2/12/75
